This action is in response to the application filed 8/15/03.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Ronald Coslick on 3/7/05.

The application has been amended as follows:

- Claims 19, 21, and 23 are canceled.

Reasons for Allowance

3. Claims 1-18, 20, and 22 are allowed.
4. The following is an examiner's statement of reasons for allowance:
Claims 1 and 20 limit the formation of a MOSFET to implanting ions into a strained layer in order to damage the exposed areas and then etching the exposed areas to form trenches. Claims 22 limits the formation of forming a MOSFET to implanting ions into a strained layer to reduce undercutting and etching the exposed areas to form trenches.

This limitation, in combination with the other limitations of claims 1, 20, or 22 is not taught or suggested by the prior art of record.

Wang (US 2004/0180509, US6852600, US6657223, and US6730576) Onishi (US2005/0032327), Comfort (US5308785), Fitzgerald (US6646322), Xiang (US6703648) teach a trench isolation formed in a strained layer on a layer of silicon germanium, but none of these cited references teaches the formation step of implanting into the strained layer to be etched for the trench. Currie (US 6831292) implants into the source /drain regions prior to etching a trench, but does not teach or suggest implanting into the region to be etched to form the trenches.

Claims 2-18 are allowed as being properly dependent upon allowed claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
